VICK'S Croup and Pneumonia SALVE

It Always Helps
says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Gardui, the woman's tonic. She says further: "Before I began to use Gardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Gardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill."

Luke McLuke Says:
Every now and then you run into a
fellow who gives you the impression
that he was born with a corkscrew in
his hand.

It is different with a little girl. But
you can't make a small boy keep his
hands clean by giving him a gold ring.
The only reason why a girl can't eat
as much as a man when he takes her
out to lunch is because he is watching
her eat.

Life isn't all pie for an unmarried
man either. About the time he dis-
covers his ideal woman he also discov-
ers that some other man has a first
mortgage on her.

The lot of the princess who has to
work in a store all day is indeed tough.
Sometimes she is so tired after her
day's labor has ended that she can't
dance more than six hours that night
without becoming fatigued.

Before she gets him she is promised
six servants. After she gets him she
gets the six servants, but she gets them
one at a time, and the one never stays
long.

The man who blames his failures on
his artistic temperament means that
he has an aim in life, but goes around
with an empty gun.

The woman who nurses Fido in her
arms all day and then takes Fido out
and lets him run around on the side-
walk to get a little exercise is always
greatly worried for fear some of the
strange children who are playing in the
neighborhood might get Fido on the
back, because Fido might catch some
disease from the children.

he might have been living yet.

DOLLY'S FUR COAT
IS MADE EASILY

Christmas Gift For the Small
Girl's Favorite.

THIS charming coat can be man-
ufactured from leftover bits of
plush or fur and so provide
the small girl with a real joy.

Please notice how the coat is cut on
the most fashionable lines. Of all dolls'
clothing the coat is oftentimes forgotten,
and probably nothing gives the small
girl more pleasure and occupation to
put on and take off than a topcoat with
real buttons and buttonholes.

Another charming present for a little
girl is a doll's house.

Secure four boxes 12 by 14 inches,
which will form the four rooms. You
can, if you desire, remove one end of
the second story boxes for the purpose
of avoiding a double door. Leave a
space ten inches wide between them
to serve as a hall running from front
to rear. Floor this and add a rear wall.

Make a gable roof, extending the
eaves. Make two chimneys and cover
them and the roof and outside walls
with small tile checked table cloth of
a terra cotta hue. Previous to the
covering define the windows by pencil,
start with a gimlet and saw out with
a small saw. Tack the cloth on neat-
ly and afterward cut out at the win-
dows, leaving enough margin to lap
over the edges.

Use ordinary window glass cut in the
required size and secured by a narrow

facing all around the window. Win-
dowpanes can be made either square
or diamond shaped by using strips of
cut plaster or paste parrot blinding.

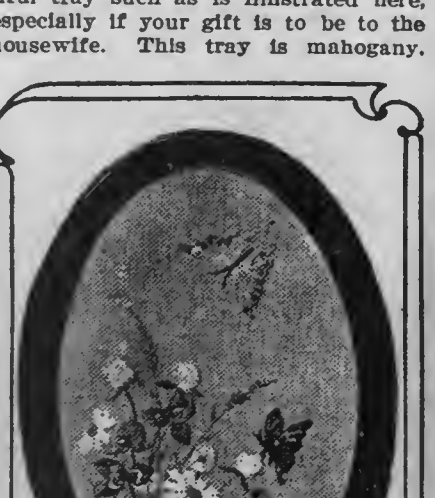

The hall, stairs, stairways, walls and
ceilings, including the attic, can be
stained in walnut, which gives a digni-
fied appearance. Make the stairways
of the style known as "mill steps" and,
having no riser, about four inches in
length by one and a half broad.

The walls and ceilings of the three
main rooms can be covered with a
dainty art ticking, held in place by a
liquid glue lightly spread along the
edges. Cover the floors with denim
and curtain the doorways.

The kitchen walls, ceiling and floor
can be covered with a gray checked
oilcloth. With its range, table, chairs,
blue and white grates, stove, and
a Dinah cook, all of which are to be
found in the toy shops, this makes
for the children the most attractive
room in the house. The front edges of
the boxes can be covered with a green
gimp. The house when completed can
be set on a strong sewing table with
legs shortened about four inches. Pro-
vide two inexpensive little stools for
the comfort of the children.

The furniture of the doll house can
all be bought—a tiny piano, mantel and
grate, with its seemingly glowing coals,
brass fire set, parlor lamps, mirrors,
beds and quaint little pictures.

SOLD EVERYWHERE

SCARCITY OF QUAIL

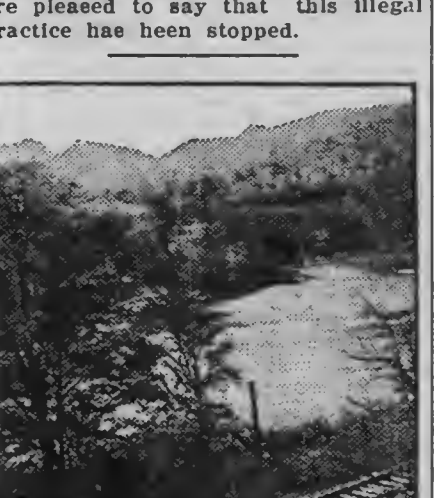

In 1911, during the session immedi-
ately preceding the creation of the
game laws, the Federal Government
discovered that large quantities of
quail were being sold in the northern
and eastern markets, and that these
birds had been shipped in violation of
the federal laws covering interstate
shipments of game.

The commission firms distributing
these birds were all prosecuted, and
by tracing the shipments to the firms,
the Government officials discovered
that great quantities of the quail had
come from Kentucky; in fact, 150,000
were shipped out of Kentucky in 1911.
13,700 being shipped from two points
in Gallatin county.

All of the parties making illegal
shipments were tried in the federal
courts of Kentucky and convictions
followed in every case. The United
States Government knew, in a general
way, that shipments were being made
from Kentucky, but in this work, as in
other branches of the Government,
they desired to help only those states
who were making an honest endeavor
to help themselves.

It was the common practice of the
larger hotels and restaurants in Ken-
tucky, before the creation of the Game
and Fish Commission, to annually sell
large quantities of quail illegally
bought and sold. A number of cases
were made against one of the leading
hotel companies in Kentucky, and we
are pleased to say that this illegal
practice has been stopped.

Reports from 73 counties show an in-
crease of 2,656 birds, which indicates
a gratifying condition and places the
number of these splendid game birds at
liberty in Kentucky at something
above six thousand. Some of the birds
were held in captivity, but in nearly
every instance these experiments re-
sulted in failure, but the birds that
were turned loose and allowed to rear
their own young, in practically every
instance produced and raised a cov-
er.

PHEASANT DISTRIBUTION

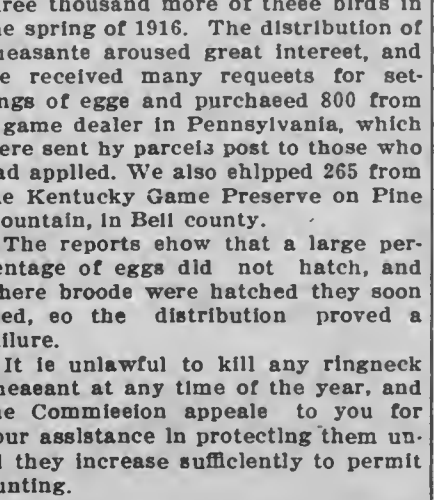

In March, 1915, a distribution of Eng-
lish ringneck pheasants was made by
the Commission. These birds were
purchased in England and shipped to
Philadelphia, where they were received
by a representative of the Commission
and shipped in crates of fifteen birds,
ten hens and five cocks, to each coun-
ty in the state, where they were re-
ceived and separated into tris, two
hens and a cock, and these birds were
liberated by persons with whom the
Commission had made arrangements,
on lands controlled by them.

The result of these experiments
have so encouraged the Commission
that another importation of pheasants
is planned, and we hope to liberate
three thousand more of these birds in
the spring of 1916. The distribution
of pheasants aroused great interest, and
we received many requests for set-
tings of eggs and purchased 800 from
a game dealer in Pennsylvania, which
were sent by parcels post to those who
had applied. We also shipped 265 from
the Kentucky Game Preserve on Pine
Mountain, in Bell county.

The reports show that a large per-
centage of eggs did not hatch, and
where broods were hatched they soon
died, so the distribution proved a
failure.

It is unlawful to kill any ringneck
pheasant at any time of the year, and
the Commission appeals to you for
your assistance in protecting them un-
til they increase sufficiently to permit
hunting.

D. D. D. In Hospitals;
Standard Skin Cure

How many hospital patients, suffer-
ing the frightful itch, the raw scorch-
ing pain of skin disease, have been
soothed to sleep by a soothing fluid
washed in by the nurse's hands?
That fluid is the famous D. D. D.
prescription for eczema.

THE SUPERVISING NURSE of one
of our prominent Catholic institutions
(name of nurse and institution on applica-
tion), writes regarding a patient:
"The disease had eaten her eyebrows
away. Her nose and lips had become
disfigured. Since the use of D. D. D.
her eyebrows are growing, her nose
and face have assumed their natural
expression."

How many eczema sufferers are pay-
ing their doctors for regular treat-
ments and are being treated with the
same soothing, healing fluid?
DR. GEO. T. RICHARDSON frankly

writes "D. D. D. is superior to any-
thing I have ever found. Soft and
soothing, yet a powerful agent."
To do the work, D. D. D. Prescrip-
tion must be applied according to
directions given in the pamphlet
around every bottle. Follow these di-
rections—and see!

And it certainly takes away the itch
at once—the moment the liquid is ap-
plied. The skin is soothed—calmed—
so thoroughly refreshed—delightfully
cooled.

All druggists of standing have the
famous specific as well as the efficient
D. D. D. Skin Soap.

But we are so confident of the mer-
its of this prescription that we will
refund the purchase price of the first
full size bottle if it fails to reach
your case. You alone are to judge.

Daddy's Bedtime Story

The Boy That Looked For the Rim of the World.

"NICE a little boy looked for the rim of the world," said daddy to the children. "I will tell you about it. This little boy lived in a white farmhouse that was not far from a great city."

"And what particularly interested him about them was that the sky seemed to come down over all the edges of the view as if it had been an overturned bowl right over the earth, and he called it a rim, and he wondered what lay beyond it, and he thought that naturally there must be one rim outside another and so on till there was reached the rim of the world."

"So one afternoon, what do you think? Why, he was sitting in a green field, looking at the beautiful view and wondering about that mysterious rim of the world, and all of a sudden a funny little gnome, with the oddest, wizened, wrinkled little face you ever saw, came to him, and he held in his hands a gay little carpet."

"I know what you want, sonny," he said. "You want to find the rim of the world. I have here a magic carpet which will take you anywhere you want to go. You just sit on it and wish yourself somewhere—and, presto! there you are."

"Mr. Carpet," he said, "I want to go to Europe and look at the war."

"So the carpet took him right up into the air and flew away with him. And the carpet reached the battlefields of Europe, but it did not go down on the ground. It remained up in the air, where it was much safer, and the little boy looked down and saw the men in the trenches and the big cannon."

"I don't like war. Take me where there's peace," said the little boy. So the carpet, which was there just to oblige him, whisked him to a city away down in sleepy Asia, where there were temples and men with white robes and turbans, and these men were praying, and there was an atmosphere of peace."

"So the carpet proceeded, taking the little boy wherever he wanted to go, and he wanted to go almost everywhere, and he found there were ever so many rims to the world, and there didn't seem to be any end to them, and he grew so tired of seeing new rims that he asked the little carpet to take him home."

"And the carpet did so and landed the little boy right back at the point from which he started."

"And what do you think? The little boy woke up. He had been dreaming, you see."

THE INTERNATIONAL SERIES.
Lesson VIII.—Fourth Quarter,
For Nov. 21, 1915.

Text of the Lesson, Jonah iii, 1-10.
Memory Verse, 10—Golden Text,
Matt. xxviii, 19, 20—Commentary Prepared by Rev. D. M. Stearns.

Any one who questions the truth or the reality of this story of Jonah casts discredit on the Lord Jesus Christ, for He called Jonah a prophet and said that his three days and nights in the belly of the fish were typical of His own three days and nights between His death and resurrection. He also spoke of the repentance of the people of Nineveh under the preaching of Jonah and of a future judgment (Matt. xii, 39-41; Luke xi, 32). To question the words of the Lord Jesus is to question God the Father, for He said that the Father always told Him what to say (John xii, 47-50). Jesus Christ said, "I am The Truth," and God is called "the God of Truth" (John xiv, 6; Isa. xlv, 16). Therefore let our hearts cry, "Let God be true, but every man a liar!" "For we can do nothing against the truth, but for the truth" (Rom. i, 18; II Cor. xiii, 8).

When Jonah is mentioned people always think of the fish, whereas the fish is mentioned but four times in the book, while God or Lord is mentioned forty times. We are not as right with God as we might be until we give the same relative importance to people and things that He does; therefore let us not magnify the fish, but the Lord. This is called a foreign missionary lesson, and it is certainly a good one on that topic, as we shall see. Two of the great foundations of the Bible are "God is love" and "The Lord is not willing that any should perish" (I John iv, 8, 10; II Pet. iii, 9). In this lesson we see a great city of at least 600,000 people (120,000 children) and much cattle, and there was great wickedness in the city (Jonah i, 2; iv, 11), but God would rather save than destroy them, and He sent Jonah to call upon them to repent that He might spare them.

That is always God's attitude to the world lying in the wicked one. He commends all men everywhere to repent, for He will have all men to be saved and to come unto the knowledge of the truth (Acts xiii, 47; I Tim. ii, 3, 4). But how can they know unless some one tells? So Jonah is called of God to go and tell Nineveh that, while the Lord does not wish them to perish, unless they repent judgment will come in forty days (i, 2; iii, 4). At first Jonah is unwilling to go and seeks to flee from the call. Then follows the record of the voyage to Tarshish begun seemingly so favorably, but suddenly interrupted, for God sent two detectives to arrest him and bring him back. A great wind to stop him and a great fish to bring him ashore (i, 4, 17). Arrested on the high seas and brought back, it reads like an up to date story, for our God is always up to date and away ahead. Look in the wireless and rapid transit seen in the story of Daniel and Gabriel (Dan. ix, 3, 20, 21).

As to the present day attitude of those who profess to be the Lord's people toward the command of our Golden Text and of Mark xvi, 15; Luke xxiv, 47; John xx, 21, 23; Acts i, 8, could there be a more vivid picture than that of Jonah on this ship before the captain woke him up? The only man on the ship who knew the true God fast asleep, while the heathen sailors earnestly cried unto their gods. Those who have the Bible and in it the knowledge of the living and true God and of salvation by Jesus Christ for all who will receive Him are as indifferent to the welfare of the millions of so-called heathen who are earnestly calling upon their gods as was Jonah when fast asleep on that ship. They need to hear the cry of that shipmaster: "What meanest thou, O sleeper? Arise, call upon thy God, if so be that God will think upon us that we perish not" (i, 6).

If we had translated ears we might hear the heathens say, "Arise and tell us of thy God and of His great salvation." And we would surely hear God saying, "Whom shall I send and who will go for us?" (Isa. xli, 8). If God was seeking in this age to win the world to Himself both He and we might well be discouraged, but He is not discouraged, and He cannot fail (Isa. xlii, 4). This book of Jonah shows us his plan. Jonah was an Israelite. After his resurrection from the dead, in a figure, he went to Nineveh and preached the preaching that the Lord bade him, and a whole city repented (chapter iii). I do not know of another instance on record of a whole city turning to God. Now see the foreshadowing of His plan. Israel has long been rebellious, but when they shall see the Lord Jesus, the glorified Messiah, coming in His glory, as St. Paul saw Him on the way to Damascus, they will receive Him and with the zeal of Paul will speedily make Him known to all the world, and whole nations will turn to Him and be saved (Isa. xxv, 9; xxvii, 6; xxxv, 10, 11, 9; 12, 13; Rom. x, 12, 13). Notice in this book how God used a wind, a fish, a worm and even such a strange man as Jonah and, being first of all sure that you are redeemed by the precious blood of Jesus Christ, say to Him with all your heart, "Here am I, use me." Oh, use me, Lord, use even me, just as thou wilt, and when and where, until Thy blessed face I see; Thy rest, Thy joy, Thy glory share.

THE CHILD IS FORGOTTEN

Third To Commit Suicide.

George Hines, a young farmer of Stamping Ground, Scott county, committed suicide last week by hanging himself in a tobacco barn. He had gone to hitch up a horse to meet his sister at the depot. Not returning in time to start for the train, his parents went in search of him, and found his lifeless body hanging to the rafters. He is the third child of Mr. and Mrs. Andrew Hines to take his life within a year.

One Up—One Down.

During the past few days sugar has gone up 25 cents on the hundred, with prospects of the staple soaring much higher before any relief is given the consumer. An immense demand for raw sugar is the explanation. The new crop of Cuban sugar will not be ready for the market before January 1, and it is possible consumers will not be afforded any relief before that time. While sugar is soaring, yet on the other hand, wheat has taken a tumble in price. Heavy breaks in the Chicago market have occurred during the past few days and there has been much unloading. The cause for the drop has been attributed to the big increase in the world's available supply, and the splendid outlook for the new crop.

Moonshining On The Wane.

Moonshining is said to be rapidly dying out in the mountains of Eastern Kentucky and Southern Virginia, which for years has been the oasis of the illicit still and vendor. But railroads have penetrated almost every section of the mountain fastness and revolutionized and modernized living conditions in the hills, and this together with Uncle Sam's tireless and vigilant servants, who are ever on the hunt of the law-breakers, has made the business of moonshining—operating illicit stills—very unpleasant and unprofitable. The small number of moonshiners cases tried in the United States District Court here during the past week is a splendid criterion by which to judge of the nature and extent of the illicit liquor traffic. We have been informed by those in a position to know, that moonshining is on the wane. The bootlegger is now one of the most prevalent and loathsome law breakers with which the courts and the people have to contend. There is now a great moral tendency toward respect for the law, honor, decency and upright living, and the noose is gradually tightening about the bootlegger and he seems destined to go.

Better Take Warning.

The postal authorities at Washington, recognizing the ability of postmasters to make mistakes in getting letters in wrong boxes, have fixed a penalty of \$200 on persons taking mail out of an office, other than their own, and not returning it immediately. This law also includes newspaper carriers. The purpose of it is the postmaster's fault cuts no ice. If you have been getting other people's mail you had better take warning or you may get yourself into trouble.

RIVER PILOT TELLS HOW RELIEF CAME

Louisville Steamboatman Describes Recovery Via Tanlac.

Louisville, Ky., Nov. 16.—Capt. T. J. Oatman, one of the oldest and best known river pilots in Louisville, who resides at 308 South Sixth street, this city, adds his testimony to the hundreds of others in Louisville, who have gained relief by the use of Tanlac, Captain Oatman said:

"I have been afflicted with stomach disorders and catarrh many years. My condition became so serious that I lost my appetite, foods of a solid nature always causing great discomfort and pains in the abdomen."

"My catarrh also became worse, and every damp, cool morning I would get up with a choking sensation in my throat and a fullness of my head. I coughed up mucus and went about sniffing most of the time."

"I tried Tanlac and found it was the best thing I had done in many years, as it helped me from the first dose. My catarrh has virtually disappeared and my stomach is strong and feels right. I cannot praise Tanlac too highly."

Tanlac, the premier preparation, is now obtainable in Richmond at H. L. Perry's drug store.

NOTICE.

It is proposed to devote the afternoon of Thursday, January 6, 1916, of Farmers' Week, to a discussion of the problems of co-operative marketing. This discussion will be led by leading authorities on the subject from this and other institutions, and will be open to farmers and all interested therein. It is hoped that out of this discussion will develop definite plans for a constructive program of work on the marketing questions of today which confront the farmers of Kentucky. You are cordially invited to attend this meeting and to participate in this discussion.

A teacher was given a lesson on the circulation of the blood. Trying to make the matter clearer he said: "Now, boys, if I stood on my head the blood, as you know, would run into it, and I should turn red in the face."

"Yes, sir," said the boys.

"Now, boys, if I stood on my head what I want to know is this: How is it that while I am standing upright in the ordinary position the blood doesn't rush to my feet?"

And a little fellow shouted: "Why, it's because yer feet ain't enuf!"

GAME AND FISH COMMISSION IS AFTER VIOLATORS OF STATE LAWS

Over Five Hundred Men Convicted For Violations—English Pheasants Liberated By Commission Are Protected For Number of Years

A Kentucky trainer and two of his champion bird dogs.

Frankfort, Ky.—(Special.)—The Game and Fish Commission has just reported that it has convicted 561 men for violation of the law. They took the chance of beating the warden. How much better it would have been for them to have taken out their license. They would have had the satisfaction of feeling that they were helping the enforcement of law and contributing to better game conditions and were not cheaters.

The money collected for sale of hunters' licenses has been, and is being, economically spent for the enforcement of the laws and the restocking of the fields and streams with game and fish.

The Commission is taking this means of again warning the hunters, not only to take out their license, but to always carry them hunting.

English Pheasants.

The 2,500 English pheasants liberated by the Commission are protected for a number of years, and a warning is hereby given to every one who kills these valuable and costly birds, that if caught, he will be prosecuted. Now, Mr. Hunter, if you see a strange bird do not run your legs off to destroy it, but take every possible means not to injure it yourself, and do not let an opportunity escape you to urge others to do likewise. These pheasants were bought with your money, so see that they are protected until they increase sufficiently to allow shooting.

Conditions in Other States.

In other states where conditions are not so ideal as here they now have pheasants in plenty. It is up to you, Mr. Hunter, to do your part to help the Commission protect them. Get busy. Your warden will be in the field every day during the hunting season and for a considerable time hereafter, to see that each hunter has his license, and that the "Son-of-a-bitch" is curbed in his selfish desire. Please help the warden, remembering that they are working for and not against you. We want to enlist the active cooperation of every man in Kentucky who has a hunting license in protecting his own game from the cheater. We want you to realize that it is you who are being cheated by the game hog, the pot hunter and the chap who hunts out of season without a license. Our warden are doing effective work. However, the state is large and unless the sportsmen and farmers report the infractions of the hunting laws, either to the warden or to the State Department, some violators are bound to escape.

Hunters Themselves Lose.

What we wish to impress upon the sportsman who takes out his license and obeys the law, is that every violator is cheating him. Those who get about to deplete the game supply unwarrantably, either by game or through greed, or who hunt out of season, to some extent succeeds in robbing the licensed hunter of the benefits for which he spends his money in purchasing his license.

If the sportsman can get the idea clearly into their minds that the law

CHARMING GIFTS FOR YOUNG GIRLS

Things That Are Pretty For Her Christmas Stocking.

THE dainty handkerchiefs shown are made of finest linen, hand embroidered with an eyelet pattern. The edges are finished with an exquisite linen torchon lace. Another gift the college girl always revels in is quantities of handkerchiefs. The very newest and at the same time the only really smart and elegant handkerchief is made of a very fine linen in white or any delicate color. It is hemmed by hand, the hem not more than an eighth of an inch wide, in the corner of which is embroidered the monogram or crest in color or white, preferably white.

If you want to be up to the minute make some of them of one color. One style of handkerchief is of solid pale pink voile and is bound with a narrow white hem. Blue, lavender and green voiles are used in the same way. A number of the handkerchiefs have a very wide border of white around a solid portion of color.

Golfing, tennis, riding, dancing, walking, photography, butterfly chasing, wild flower collecting, crocheting, embroidery, swimming, dogs, chafing dish, suppers, music—any possible hobby may have its symbol embroidered in colors in the corner of the newest handkerchief. Just think how the girl who is "simply wild about autolog" will appreciate a half dozen fine linen handkerchiefs showing a little red machine ready to run about the hem-stitched edge, but securely embroidered.

The making of these very attractive little accessories might very well prove

A Dainty Handkerchief.

a hobby in itself, as they offer such possibilities for most original gifts and favors. A yard of handkerchief linen one yard wide will make nine twelve-inch squares, which may be finished in various ways. If you are brave scallop the edge in small scallops and colored cotton. If time is a consideration apply a very narrow separate hem of a colored linen and either stitch it by hand or by machine. Another pretty and decorative way of finishing the handkerchief is to roll the edge and overcast it with a colored cotton, going back over this overcast and reversing the process so that the second stitches cross the first ones. There is also a plain buttonhole edge that may be done in colors or a buttonhole that is being much used for centerpieces, where, instead of each stitch following the other in even procession, about four or five buttonhole stitches radiate from one point to the edge, forming something very like a shell or comet.

If you make a Tobacco Pouch. If you are contemplating embrodering a tobacco pouch for a man of your acquaintance please keep in mind his color preferences.

Don't make it too big—he doesn't want to carry his entire supply of "weed" in it—nor yet too small. Remember the size of his pockets and think how large the bag will be when filled. Line it with oil silk to keep the tobacco in good condition and get good oil silk while you are about it.

A Cretone Twine Box.

A necessary fitting in every household is a twine box. An ordinary square box, such as some jewelry comes in—as a small clock box or wooden salt box, for example—is covered with some pretty stuff. A hole is punched on the top; a ball of twine is put into the box, the end being drawn through the hole. A cheap pair of scissors may be fastened to the box, so that the string and the scissors for cutting it are always in a convenient place.

A Word to Rheumatics

The first day you start to take Rheuma the uric acid poison begins to dissolve and leaves the sore joints and muscles. Its action is little less than magical. 50 cents a bottle at Mid-dleton's and all druggists.

Judge Barlow of Port Loran, Ohio, says: "I was cured of a very bad case of rheumatism by using two bottles of Rheuma. Previous to that I was a cripple, walking on crutches."

Rheuma relieves almost instantly the intense suffering from sciatica, lumbago, neuritis, gout, neuralgia and other forms of rheumatism. 45c.

A Toothsome Dinner.

In conversation with Mr. W. C. Griggs, who resides at College Hill in this county, and some other gentlemen on Saturday afternoon, it was incidentally remarked that a peculiar season was having had, when Mr. Griggs, replied:

"On Thursday I had for dinner fried chicken, new potatoes, new hushers, new onions, and lettuce. All the vegetables were grown in my garden, and the chicken was a youngster—not an old tom, but what we call a springer."

This was surely some toothsome dinner to be eaten on November 11, all of which was grown upon a Madison county farm.

HERE'S REAL LUXURY.

A Box of Silk Hosiery is Always a Popular Gift.

No woman would scorn a box of silk stockings for a Christmas present. Chosen wisely to match her gowns, they need no other embellishments. Our illustration shows how a bit of silk lace may be daintily applied upon the instep of one pair for a favorite

afternoon gown. One girl delighted her friends last year by embroidered clocks in cross stitch on both stockings and socks for Christmas gifts. Colors to match the hose may be used or contrasting shades if preferred.

Every woman finds use for a well stocked workbasket, but a workbox can be made at home which is good to look at and exceedingly handy.

Take four pieces of cardboard 7 by 6 inches—that is, seven inches long by six inches wide. Curve the tops and cut a square piece of cardboard 7 by 7 inches for the bottom.

Lay a pad of cotton wool over the bottom, line all the pieces with silk and cover the outside with figured silk. Sew the four sides to the square bottom and fasten the sides together by ribbons tied in bows.

Fit the inside with hutton and spool bags, a cushion, needlecase and scissors holder. The little box may be covered with silk, satin or cretonne.

A PARTY BAG.

Most Acceptable Small Gift For the Debutante.

Who hasn't gone to a dance and found her best lace kerchief dropped out of her girdle on the way there?

This hint will keep safe beautiful kerchiefs. It is made of fine lace, ribbon and a pretty silk that matches the dance frock. Enlarged and in suitable colors, it can also be used as a workbag. One charming party bag is featured in this ad, with violets hand painted to look as if they grew across one side. The drawing is of a softer shade of violet ribbon.

The Christmas bag is an innovation planned by one housekeeper. The break-

fast table is to be decorated with a mirror in the center, outlined as a star by holly sprigs, and with a slender cut glass vase in the center holding red chrysanthemums. Long stemmed flowers also radiate from the central star to the blossoms toward the plates of those for whom the flowers are intended.

Every napkin lies beneath a Christmas card with a sprig of holly tied upon it with red ribbon, and to the back of every chair is tied a bag with a big red satin bow. The bags are of all sizes, and each is full of individual gifts. One is an opera bag, another a shopping bag in black and gold, still another in brown leather and gold nail heads, another a bag for collars and cuffs, another a gay laundry bag. Mrs. A. R. Burnam, Mrs. Thompson Burnam, Mrs. Waller Bennett and Miss Lucia Burnam attended the sale of Mrs. Mary Cecil Cantrill in Georgetown, Thursday.

Miss Mary Roark spent a few days with her father in Paris. Her sister, Miss Nellie, accompanied her home to visit her aunts, Mesdames Keller, Enright and McCarthy.

Mr. W. C. Fitzpatrick, a native and for many years a resident of this county, but for several years a citizen of Shelby county, has sold his farm in that county and bought one in Henry county near Eminence.

Miss Dovie White, of Richmond, was the guest of Mrs. J. C. Rupard last week.

Mr. and Mrs. Robert Baxter have gone to housekeeping in the house formerly occupied by Mr. Burke.—Beatyville Enterprise.

Mrs. Jas. Deatherage, Mrs. McCann, Mrs. Joe Bales, Miss Kathleen Bales, Miss Helen Dix and Mrs. A. C. Buchanan attended the Suffrage Convention in Lexington and remained over for the banquet at the Phoenix.

Mr. and Mrs. Verner Millon, who have been residing in Danville, left today for Richmond, their future home. Their many friends regret the departure of this excellent couple.—Danville Messenger.

Mr. J. T. J. Moberley, of Richmond, Ky., has been here the past week, repairing the roof and lights of the Farmers' Tobacco Warehouse, which will be in first class order for the sales, which will begin about Dec. 1, 1916.—Cynthiana Democrat.

Mr. and Mrs. T. S. Todd motored over from Richmond Sunday and spent the day with their relative, Miss Bess White.

Mrs. M. E. Jones, Mrs. Thos. Curtis, Mrs. Lizzie Simmons and Mrs. Alice Farris, of Madison, motored over Thursday and spent the day with Mrs. E. H. Marrs.—Anderson News.

Mr. S. D. Van Pelt, of Danville, foreman of the grand jury at the November term of the United States District Court held in this city, was a pleasant caller at the Climax-Madisonian office. Mr. Van Pelt is a former resident of Richmond, having lived here many years ago. He was associated with Mr. William Francis, now Dr. William Francis, of St. Louis, Mo., in the monumental business. Mr. Van Pelt spoke in high praise of the many splendid improvements made in this city in recent years.

Mr. and Mrs. Perry, of Stanford, and Miss Lella Beatty, motored to Richmond Sunday. Mr. George Estes left Wednesday for Richmond to accept a position in his uncle's grocery store. Mr. and Mrs. J. P. Beatty have returned to their home in Richmond after a visit of two weeks to Mr. Cecil Beatty. Miss Jennie Cox is at home from the Normal school at Richmond where she has completed a term.

Mrs. Mary Lackey is visiting friends and relatives in Richmond. She left last Saturday and will probably remain ten days.—Lancaster Record.

Dressy Afternoon Gowns

Designed by Lane Bryant, New York.

W ORSTED and metallic embroidery are being used everywhere, and yet with all this display one does not get too much gorgeousness, for it is used discreetly. In one of the pretty models shown above, the embroidery adds an exquisite note of color to a maroon blue, satin frock. The old bodice is a loose bolero effect, with a surplus closing at the front. The vestee is of very fine point lace. Long embroidered tabs on the skirt, starting a pace or one on the side and closing on the other. The gown is completed by a touch of wolf fur on collar and cuffs.

Thin materials, such as chiffons, are selected for the waists of many afternoon frocks because they make up pretty and can be conveniently worn under heavy winter coats. Black chiffon and ecru lace are here used as a top to a two tier skirt of plaited satin charmeuse. The upper part of the waist is black chiffon and ecru lace, and chiffon over muslin de sole forms the top of the sleeves. Ecru lace is used below the elbow. The waist is also beautifully embroidered front and back with self color floss and silver thread. The flaring collar of satin goes out sharply from the neckband and reaches to the top of the ears.

F. C. Howe On The Advantages of Free Ports

Mr. F. C. Howe, Federal Commissioner of Immigration, who is one of the best American authorities on marine commerce, in discussing the relation of free ports to the development of sea trade said in part:

"Ships will go hundreds of miles out of their way to avoid ports surrounded by a tariff wall. The only way, therefore, for a country with a tariff to compete in the shipping world with a free-trade country is to establish free ports at strategic points along its coast line. Germany has done so, and in a comparatively short period has built up a carrying trade which before the war was seriously threatening England's supremacy. Hamburg, one of the three German free ports, now ranks as the second greatest seaport in the world, its total foreign commerce in 1913 being only \$6,000,000 under that of New York.

"The free port would offer greater opportunity for financial operations, now made possible by the recent currency act. It would stimulate international banking, and would tend to shift the financial center of the world to this country. And America, by this logic, has become the natural center for the world's financing, just as London became that center several centuries ago, when it shifted from the cities of the Netherlands. But the financial center will only move to this country when it becomes a clearing house of goods as well as of money. For credit the world over is created by currently created wealth in transit or change so that our financial expansion is dependent upon the opening up of American ports to the clearance of the wealth of the world. A port should not operate to yield a return on the investment, but to develop the prosperity of the country." In recapitulating the advantages, Mr. Howe brings out the importance of the free port in developing our shipping and linking us with South America, Asia and Africa, and then concludes:

"The most important gain is the direct gain to America. It will cheapen commodities by bringing great quantities of goods to our doors for importation or export, as trade needs demand. It will stimulate the growth of exporting houses, which can hold goods for an indefinite period without payment of tariff dues (often equal to the cost of the article itself) for disposal to meet the trade demands of the whole world. It will uphold international credit and shift to America an increasing and ultimately a predominant share in international exchange.

"Finally, America is the natural country to be the counter of the world. Its seacoasts face every other continent; it is the greatest of all reservoirs of raw materials and foodstuffs. In iron and steel and standardized production it is in a position to compete with the world. But international trade (and this is always overlooked) must be reciprocal. It cannot be one-sided. And credit balances cannot for any prolonged period be paid in gold. They can only be paid by exchange of wealth."

Christmas Savings Club.

The Christmas Savings Club, orga-
nized about two years ago by the Mad-
ison National Bank of this city, will on
December 10, mail checks to its mem-
bers. There are 210 members who will
participate in the division of the funds.
About \$3,000 will be distributed. Cash-
ier Burnham has provided for the oc-
casion a special bank check, appropri-
ately decorated with holly and an old codger
in the corner of the check with a smiling
face and long white beard, easily rec-
ognized as "Old Chris" himself, one
hand engaged, in taking a telephone
message and the other writing a check
for waiting depositor.
The Christmas Savings Club is an ex-
cellent institution. The "savings" com-
e in mighty handy for a little
Christmas money. But for this money
of saving a little each week, the money
would be squandered, foolishly, no
doubt, spent with nothing to show
for it.
A new club for 1916 will be started
December 20 by the Madison National
Bank. Talk to Mr. Burnham or one of
the obliging young men at his bank and
join the new club. We guarantee
you'll not regret it.

Richmond, Madison county, Ky., ex-
pose to public sale, to the highest and
best bidder, the following described
property for so much thereof as may be
necessary to satisfy Plaintiff's debt, in-
terest and costs, to wit: Five hundred
and eighty-nine dollars and fifty-five
cents.

1st. Two cows, three jennets, a jack
and a mare.

2nd. If said personal property does
not bring enough to satisfy said execu-
tion, I will sell so much of the follow-
ing described tract of land as may be
necessary to satisfy said debt, viz: About
sixty-five acres of land in the Glade
Magisterial District in Madison county,
Ky., adjoining the lands of Ed. Elkin,
Thos. Dalton and Brack Mallicoate, &c.,
and described in Deeds to I. W. Coyle
from S. A. Scott, Commissioner, re-
corded in D. B. 47, page 553, and from
Thos. H. Coyle recorded in D. B. 47,
page 435 of the Madison County Clerk's
Office to which reference is made for a
more accurate description levied upon
as property of I. W. Coyle.

Second Crop.

gain, a good farm of 65 acres, about
half cleared and in cultivation, 10 acres
in grass, corn produced 40 bushels per
acre this year. Farm well fenced, two
houses, barn, etc., two good springs,
fine young orchard. This place is two
miles from town. Price \$1,200 if taken
within the next ten days.

French Purchases.

Five members of the French Indus-
trial Commercial Commission landed in
New York last week from the steam-
ship Lafayette, and said they came to
arrange for the purchase, at the con-
clusion of the war, of at least \$100,000,
100 worth of structural iron and steel
machinery and industrial supplies. All
supplies of this character, the commis-
sioners said were formerly imported
from Germany. The commissioners
said that while they are here primarily
to purchase supplies necessary to recon-
struct and modernize French industries
when the war is over, they will endeavor
to establish reciprocal trade relations
between the United States and France.

Bringing Good Prices.

The 1915 tobacco crop bids fair to out-
rive prices obtained for several years.
Several crops have been sold in the
north part of the State at prices rang-
ing from 10 to 14 cents per pound for
crop lots, and in some instances from 13
to 15 cents has been paid, which is a
splendid price for the weed. The crop is
of fine quality this year, but tobacco
men claim it is light in weight, and that
the acreage is not as large as usual,
which accounts for the high prices be-
ing paid. Dry weather has prevailed
for several weeks throughout the State
and as a result very little stripping has
been done in the Burley district. A
good rain would give the tobacco busi-
ness a great impetus and this would
stimulate other business and trade.

Properly Changes Hands.

The property of the late Mrs. C. T.
Fox which was offered for sale last
week was partly sold to the following
parties:

Mrs. George W. Goodloe purchased
the residence occupied by Mr. T. T.
Covington on the Summit, paying
therefor the sum of \$2,735. This is a
splendid residence.

Dr. S. G. Zinke purchased the resi-
dence which he now occupies for the
sum of \$2,621. This property is also
located on the Summit.

The two store rooms on Second street
were not sold, will probably be dis-
posed of at private sale this week.

Mr. Edwin C. Wines sold his hand-
some frame residence on Collins street
last week to Mrs. Sam Phelps for the
sum of \$3,000. This is a most desir-
able residence.

Painful Accident.

Mr. Ambrose Wagers, the popular
clerk at Stockton's drug store, had the
misfortune to meet with a very pain-
ful accident last Friday night. He
climbed upon a step ladder in the rear
of the store, his foot slipped and he
plunged through a glass door, badly
lacerating his right hand. The wound
bled profusely, several veins being cut
in his hand and wrist. Medical atten-
tion was given him at once, and he is
now doing nicely, much to the delight
of his many friends.

Oil Lands Leased.

Oil prospectors have been busy in-
vestigating leasing new oil territory within
the past two weeks and many test wells
will be drilled in different localities
in the next few weeks.

Geo. B. Williams has secured leases
on 15,000 acres on the waters of Station
Camp and Red Lick and will make a
test soon. Gaines & Marcum have
also secured quite a lot of land in this
locality. Much territory lying north-
east of the Cow Creek field on a line
with the Campfield has been leased
by various parties.

Work on the pipe line is progressing
rapidly and should the present fine
weather continue the work will soon be
completed.—Estill Tribune.

Railroad Assessments.

The State Board of Valuation and As-
sessment on Friday assessed the Louis-
ville & Nashville local capital, which
includes both the assessment of its tan-
gible property made by the Railroad Com-
mission and its franchise value, at \$75-
000,000, an increase of \$3,000,000 over
last year.

The Illinois Central was assessed at
\$20,000,000, an increase \$200,000.
The Cincinnati, New Orleans & Texas
Pacific was assessed at \$13,000,000, an
increase of \$900,000.

The Chesapeake & Ohio was assessed
at \$25,000,000, the same as in 1914.
All these railroads enjoyed the col-
lection of taxes on their 1914 assess-
ments, alleging that they are too high,
and the case is pending in the United
States Court.

Berea College For Mountain Students.

From Berea College comes information
that its doors have been closed against
all students except those from the Ap-
palachian Mountain region, until ad-
ditional accommodations can be provided.
Students from other sections of the
country who are already enrolled at the
college will be most cordially retained,
but no more will be matriculated. All
of the outside space must be reserved
for students from the mountains. Stu-
dents outside the mountains, it is point-
ed out, have other schools they may
attend. The mountain region of Ken-
tucky defied in the announcement in-
cludes Lewis, Rowan, Menifee, Powell,
Estill, Madison, Garrard, Lincoln, Cas-
ey, Adair and Cumberland, and all of
the counties east of them. All of West
Virginia and portions of Virginia,
North Carolina, Tennessee, Georgia, Ala-
bama and South Carolina are also com-
prised in the Appalachian district eligi-
ble to send students to the institution
under the new ruling.

Pates Bridge.

Last year when the overhead bridge
on the Lexington pike near city was
partially burned, the Woman's Club
asked the L. & N. R. Co. to replace it
with a handsome new iron structure.
This it promised to do and in this con-
nection the Fiscal Court has entered
the following order:

"It appears to the Court that a
handsome new bridge is about to be
constructed by the Louisville and Nash-
ville Railroad Company, over their
tracks on the Lexington pike at the
City Limits, and it further appearing
that the erection of this bridge has been
secured through the untiring personal
efforts of John R. Pates, an officer of
said Company.

"Ordered—that this bridge be named
the 'Pates Bridge,' and that it shall
be so designated in all reference there-
to on the County records.
"It is further ordered that a copy of
this order be sent to the proper officers
of the Louisville and Nashville Railroad
Company with the request that when
said bridge is erected the name 'Pates
Bridge' shall appear thereon in some
appropriate place."

W. R. Shackelford, Judge.

Capt. Pates has just recently been
ordered to Irvine by the Company
where he will make his future head-
quarters. No man has more friends
here than he and we rejoice that he
has been remembered by the Court for
his efforts in this connection.

Mrs. Elizabeth Smith died very sud-
denly Saturday afternoon at the home
of her niece, Mrs. James Keeton, who
resides on the Barnes Mill pike in this
county. Her death was due to paral-
ysis of the brain. Deceased was 85 years
of age and greatly beloved by all who
knew her. She is survived by one sis-
ter, Mrs. Fannie Smith, of this county,
who has the condolence of innumera-
ble friends. After brief funeral ser-
vices Tuesday, the remains of this good
woman were tenderly laid to rest in the
burying ground at Dreyfus.

MARRIED

Mr. J. A. Bennett, the genial and ac-
commodating manager of the Normal
City Laundry, stole a march on his
friends last week. On Monday he left
Richmond ostensibly on a business trip,
but told his landlady before leaving that
he would return Saturday and bring a
friend with him. After he had taken
his departure, it was rumored around
the laundry office that Mr. Bennett had
a matrimonial buzz going in his bonnet,
which rumor was verified by the gaily
gentleman returning to this city Satur-
day night, accompanied by a most
charming young friend—the one woman
who he had chosen to become his life
companion. On Thursday morning in
the Baptist church at Taylorsville, Illi-
nois, Mr. Bennett was united in mar-
riage to Miss Eleanor Wood, of that
city. The groom has resided in this
city for the past six months and during
his residence among us he has proven
himself to be a man of great ability
and a gentleman in the highest, broad-
est and best sense. His bride is a
young woman of rare beauty, highly
cultured and refined, who will, indeed,
prove a worthy helpmeet to the man of
her choice. Mr. and Mrs. Bennett are
now domiciled at Mrs. Merrill's in the
McKee block. The Climax-Madisonian,
with many friends, welcome Mr. and
Mrs. Bennett to our city and wish them
a happy and prosperous journey through
life.

In the past few days it became known
in this city that Mr. Clay Pate, of Lex-
ington, and Miss Charlotte Sarback, of
Winchester, had been united in the
holy bonds of wedlock. The young
couple were secretly married at Cov-
ington, November 2, and the plans were
kept a profound secret from even the
immediate relatives until last week
when the secret leaked out. The bride
left Winchester telling her parents she
was going to Cynthia to visit friends,
and was met by the gallant groom and
they proceeded to Covington, where they
were married. The bride is the daugh-
ter of Mrs. Louisa Sarback, and is pre-
tly and attractive. The groom is the son
of Mr. and Mrs. C. H. Parke, of this
city, and is a popular young man. The
happy couple will make Lexington their
future home. With innumerable
relatives and friends, we extend hearty
congratulations, and wish them a bliss-
ful married life.

DEATHS

Mr. Noah Warford, a well known and
highly respected citizen of near Panola,
met with a fatal accident at his home
about 8 o'clock last Wednesday morn-
ing. Mr. Warford was having a barn
erected and the post was all set and
ostensibly braced. One of the work-
men knocked off one of the braces with
his hammer, when a number of the
posts fell, one of them striking the un-
fortunate victim on the left side of the
head, fracturing his skull. Medical aid
was summoned from Richmond and an
operation was performed in the hope
of saving the patient, but he never
rallied and died about 9 o'clock Wednes-
day night. Deceased was about 45
years of age, single, a man of sterling
worth, and had many friends. He is
survived by three brothers and two sis-
ters, all of Estill county, besides a num-
ber of relatives in this city and county,
all of whom have the deepest sympathy
of many friends. Funeral services were
conducted Thursday afternoon at his
late residence, thence the burial in the
family burying ground on Crooked
Creek in Estill county.

Two More Fires.

The fire ladders have been quite busy
responding to alarms during the past
two weeks. Friday morning they were
summoned to the building adjoining
the Azbill livery stable on East Main
street. For a time it looked as though
we were going to have quite a conflag-
ration. Smoke was issuing from the
second story, but when the firemen ar-
rived on the scene they soon extin-
guished the flames, which resulted in
small damage, covered by insurance.
This property belongs to Mrs. A. J.
House, who resides in the country.
The lower room is occupied by a bowl-
ing alley and the proprietors had to
get busy with mop and broom. Their
damage was trivial.

Friday about noon, while Miss Anna
Belle Ward was at dinner, fire was dis-
covered in the rear of the Alhambra
Theatre on West Main street and the
flames were extinguished with prompt-
ness and dispatch. The damage was
only slight and through Miss Ward's
splendid handling of the situation,
the movies proceeded to
move promptly on time in the after-
noon, just the same as if nothing had
happened.

Fifty Thousand Dollar Deal.

The Kentucky Carlsbad Springs
Hotel property at Dry Ridge, has been
sold to a syndicate composed of parties
in Lexington, Georgetown and Dry
Ridge. The price paid was \$50,000. A
new modern hotel of one hundred rooms
will be erected at a cost of \$100,000.
When the new hotel is completed these
springs will unquestionably be one of
the greatest watering places and health
resorts in Kentucky.

In Society

Mrs. J. D. Dykes entertained very charm-
ingly on Thursday afternoon with a Sew-
ing party for her guests, Mrs. Hanley
Niggett and Mrs. F. O. Barnes, of Cin-
cinnati. About thirty guests were present,
and after a couple of hours were spent in
dainty handwork and pleasant chat, a de-
licious salad course was served.

Miss Margaret Parrish entertained in-
formally at Bridge on Tuesday afternoon
at the Happy Hour Tea Room. The
games were succeeded by an elegant
lunch and the trophy was awarded Mrs.
Muriel Dunn.

Mrs. Harold Oldham was hostess of the
new bridge club on Monday afternoon.
Quite a number of outside guests enjoyed
her hospitality, and the hours sped on
most happily.

Mrs. Fred Hersher entertained a few
friends one afternoon this week with a
pretty bridge party at her home on the
Newtown road, in honor of her sister, Mrs.
Pogue, of Cincinnati. The rooms were
lovely with plants and flowers and a de-
licious lunch followed the game. There
were two tables and a crystal vase given
for the highest score and both were won
by Mrs. Robert Brown and Mrs. Julian
Van Winkle.

The guests were: Mrs. Pogue, Mrs. Thom-
as Owsley, Mrs. Newton Combs, Mrs. J.
G. Ballard, Miss Telford, contributed two
piano numbers and Mrs. T. D. Chenault
sang "A Wishing Stream" by Chadwick.

A very pleasing feature of the program
was the quartette by Miss Caperton, Mrs.
Kellogg, Mrs. Pickels, Mrs. Ballard, and
the piano solo by Miss Watts. The Current
Events were given by Mrs. Neale
Bennett and the afternoon closed with
a piano solo "Rustle of Spring" by Mrs.
Denny.

Mr. and Mrs. R. L. Potts, of White's

Will You Read This Twice?

A very important question
to-day which every housekeeper
must decide for herself is whether
she prefers pure, cream of tartar
baking powder like Royal or
whether she is willing to use
baking powder made of inferior
substitutes which do not add
healthful qualities to the food.

One kind is easily distin-
guished from the other, since
the laws of various States require
the ingredients to be printed
upon the label. If anyone is in
doubt which kind is most health-
ful, it is worth while to ask the
family doctor. Then decide.

And when once a decision is
reached let no advertisement or
dealer's argument or canvasser's
solicitation change the decision.
It is not a question of a few
cents or of pleasing a salesman.
It is a question of health.

If this appeals to you as rea-
sonable and sensible advice, it
is worth reading twice. And it
is worth remembering.

NOTICE.

We wish to call the attention of the public to the following ordinance of this city:

(b) "The Board of Council shall meet on the first Monday in December after their election and, after having qualified as required by law, shall thereupon, or as soon thereafter as practicable but before the first Monday in January succeeding, appoint the following officers whose term of office shall begin on the first Monday in January and continue for two years and until their successors are appointed or elected and qualified to wit: City Clerk, City Treasurer, City Assessor, City Collector, City Police (except Chief of Police), City Engineer and such other officers as the Board of Council may deem it necessary all of whom shall have the qualifications required by law for their respective offices."

We call the attention of the public to this ordinance in order that they may be on their guard.

We have been elected to serve the people as councilmen for next two years and it is our determination to do our duty as we see this duty in the light of all circumstances. We earnestly desire an expression of the will of the people made to us either by petition, letter or in person as to their desires in the matters above named.

We further call the attention of the people to the fact that it is the duty of the council to fix the salaries of the officers elected by them and this will be attended to by the council at the meeting named. Also to fix the number of policemen for the city for regular service, leaving it to the Mayor and Chief of Police to provide such extra police as may be required on special occasions.

We desire information as to the number of police for the regular service and as to the salaries to be fixed for all the above named officers.

We invite your hearty co-operation in this matter in order that the best interests of the city may be served. And if you fail to give us the benefit of your advice, please forever after hold your peace if our actions should not meet the approval of the citizens.

This request is joined in by Joe Arnold, who is now absent from the city, and therefore can not sign the same. We have not formed a combination but intend to act as our judgment, aided by the advice of the people, dictates to us is the proper course. Respectfully,

Robt. Golden, J. W. Leeds.

SEEING LIFE with JOHN HENRY & George V. Hobart

John Henry Has a Musical

SAY! DID you ever stray away from home of an evening and go to one of those parlor riots?

Friend wife called it a musicale, but to me it looked more like a session of the Mexican congress in a boiler factory.

They pulled it off at Mrs. Luella Frothingham's, over on the Drive. I like Luella and I like her husband, Jack Frothingham, so it's no secret conclave of the Anvil Association when I whisper them wise that the next time they give a musical evening my address is Forest Avenue, corner of Cottage Street, in the woods.

The Frothinghams are nice people and old friends and they have more money than some folks have hay, but that doesn't give them a license to spoil one of my perfectly good evenings by sprinkling a lot of canned musical and fritassé recitations all over it.

The Frothinghams have a skeleton in their closet. Its name is Uncle Heck and he weighs 237—not bad for a skeleton. Uncle Heck is a Joe Morgan. His ambition in life is to become politely pickled and fall asleep draped over a gold chair in the drawing room when there's high-class company present.

For that reason the Frothinghams on state occasions put the skids under Uncle Heck and run him off stage till after the final curtain.

On some occasions Uncle Heck breaks through the bars and dashes into the scene of refinement with merry quip and jest to the confusion of his relatives and the ill-concealed amusement of their guests.

This was one of those occasions. Early in the evening Jack took Uncle Heck to his room, sat him in front of a quart of vintage and left the old pecker there to slosh around in the surf until sleep claimed him for its own.

But before the wine was gone Uncle Heck put on the gloves with Morpheus, got the decision, marched down stairs and into the drawing room.

Then Claribel Let Down Her Hair and Proceeded to Give Us a Mad Scene—and It Was.

where he immediately insisted upon being the life of the party.

Uncle Heck moved and seconded that he sing the swan song from "Lo-hengrin," but his idea of a swan was so much like a turkey gobbler that loving friends slipped him the moccasins and elbowed him out of the room.

Then he went out in the butler's pantry hoping to do an Omar Khayyam with the grape, but not finding any he began to recite, "Down in the Lehigh Valley me and my people grew; I was a blacksmith, Cap'n; yes, and a good one, too. Let me sit down a minute, a stone's got into my shoe."

But it wasn't a stone, and it didn't get into his shoe. It was a potato salad and it got into his face when the Irish cook threw it at him for interfering with her work.

"I'm discouraged," murmured Uncle Heck, and presently he was sleeping with magnificent noises on the sofa in the library.

There were present at the battle in the drawing room Uncle Peter Grant and Aunt Martha; Hep Hardy and his diamond shirt studs; Bunce Jefferson and his wife, Alice; Bud Hawley and his second wife; Phil Merton and his third wife; Dave Mason and his stationery wife; Stuh Wilson and his wife, Jennie, who is Peaches' sister, and a few others who asked to have their names omitted.

The mad revels were inaugurated by the Pippin brothers, who attempted to drag some grouchy music out of guitars that didn't want to give up. The Pippin brothers part their hair in the middle and always do the march from "The Babes in Toyland" on their mandolins as an encore.

If Victor Herbert ever catches them there'll be a couple of shine chord-chokers away to the bad.

When the Pippin brothers took a bow and backed off into a vase of

flowers we were all invited to listen to a soprano solo by Miss Imogene Glass-face.

When Imogene sings she makes faces at herself. When she needs a high note she goes after it like a hen after a ladybug. Imogene sang "Sleep, Sweetly Sleep," and then kept us awake with her voice.

Then we had Rufus Kellar Smith, the parlor prestidigitator. Rufus was a bad boy.

He cooked an omelet in a silk hat and when he handed the hat back to Hep Hardy two poached eggs fell out and cuddled up in Hep's hair.

Rufus apologized and said he'd do the trick over again if someone would lend him a hat, but nothing doing. We all preferred our eggs boiled.

Then we had Claribel Montrose in select recitations. She was all the money.

Claribel grabbed "The Wreck of the Hesperus" between her pearly teeth and shook it to death. Then she got a half-Nelson on Poe's "Raven" and put it out of business.

Next she tried an imitation of the balcony scene from "Romeo and Juliet." If Juliet talked like that dame did no wonder she took poison.

Then Claribel let down her hack hair and started in to give us a mad scene and it was. Everybody in the room got mad.

When peace was finally restored, Mrs. Frothingham informed us that the rest of the "paid" talent had disappeared and she'd have to depend on the volunteers. Then she whispered to Miss Gladia Hungerschnitz, whereupon that young lady giggled her way over to the piano and began to knock its teeth out.

The way Gladia went after one of Beethoven's sonatas and slapped its ears and shook it to death. Then she got a half-Nelson on Poe's "Raven" and put it out of business.

that it will never be able to enter a fifty-cent table d'hôte restaurant again. Almost before the audience had time to recover Peaches' sister, Jennie, was coaxed to sing Tosti's "Good-Bye!"

I'm very fond of sister Jennie, but I'm afraid if Mr. Tosti ever heard her sing his "Good-Bye," he would say, "The same to you, and here's your hat!"

Before Jennie married and moved West I remember she had a very pretty mezzo-concertina voice, but she's been so long away helping Stub Wilson to make Milwaukee famous that now—adapts her top notes sound like a cuckoo clock after it's been up all night.

I suppose it's wrong for me to pull this about our own flesh and blood, but when a married woman with six fine children, one of them at Yale, walks sideways up to a piano and begins to squeak, "Good-by, summer! Good-by, summer!" just as if she were calling the dachshund in to dinner, I think it's time she declined the nomination.

Then Bud Hawley, after figuring it all out that there was no chance of his getting arrested, sat down on the piano stool and made a few sad remarks.

Each religion has its own, but there is one Thanksgiving day for all, when all, of whatever faith, can, in their own way, call on God and praise Jesus or Mohammed or Buddha.

Nov. 18, 1787, was our first national Thanksgiving day, ordained by the act of the Continental congress and proclaimed by George Washington. The day was set apart in the words of the resolution, to express gratitude that God had been pleased to "smile on us in the prosecution of a just and necessary war for the defense and establishment of our inalienable rights and liberties."

The constitution had just been adopted, and before the act setting aside this day of thanksgiving had been finally passed there had been not a little discussion in congress about the propriety of the president's asking people to give thanks for a constitution for which some of them were not thankful.

It was later that the last Thursday in November came to be the day chosen, when no marked event indicated another day, and the thanks of the nation, united under the constitution, were expressed on Nov. 28, 1789. Since that day the custom has never been omitted entirely, although until the civil war it was only occasionally observed except in New England.

It was our civil war which brought the people to a new sense of national oneness, and since 1863 the president of the United States has annually issued a proclamation of thanksgiving.

But what president or prophet or sage in 1861 could have dreamed that half a century later the lines of such a proclamation would go out into all the world?

Imagine what Bud would do to a song with an oatmeal foundation like "Loch Lomond."

When Bud barked out the first few bars, who say "By yon bonnie bank and by yon bonnie brae," everybody within hearing would have cried with joy if the piano had fallen over on him and flattened his equator.

And when he reached the plot of the piece, where it says, "You take the high road and I'll take the low road," Uncle Peter took a drink, Phil Merton took the same, Stub took an oath and I took a walk.

And all the while Bud's wife sat there, with the glad and winning smile of a swordswoman on her face, listening with a heart full of pride while her crime-laden husband chased that helpless song all over the parlor, and finally left it unconscious under the sofa.

At that point Hep Hardy got up and volunteered to tell some funny stories and this gave us all a good excuse to put on our overshoes and say "Good night" to our hostess without offending anybody.

Hep Hardy and his funny stories are always used to close the show.

"John," said Peaches, "we got home; I want to give a musical. May I?"

"Certainly, old girl," I answered. "We'll give one in the nearest moving-picture theater. If we don't like the show all we have to do is to close our eyes and thank our lucky stars there's nothing to listen to."

"Oh! aren't you hateful!" she pouted.

Maybe I am, at that.

Didn't Want to Learn Details.

A gentleman, clad in a plug hat and an air of determination, together with sundry other garments not necessary to enumerate, uprose on a dry goods box at the most prominent corner in the village and holding aloft a vile and wringing serpent, invited, in stentorian tones, all good people within the sound of his voice to gather around him for profit and entertainment.

"What dry s'p's is comin' off?" inquired a citizen, addressing the Old Coder.

"D'know!" snarled the veteran. "Prob'ly he's some infernal office-seeker who is going to promise, if we elect him, to get rid of all the snakes in the county by eatin' 'em. Anyhow, I'm going home. G'day, Ellisworth!"

Lost the Point.

Jones, who appreciates a joke, but, like many others, cannot repeat one with any degree of success, heard for the first time the joke about the dog being the most musical of animals.

"Because he wears a brass band round his neck," and determined to spring it on the first party of friends to which he was invited. The time came, and he electrified his victims with the exclamation, "I say, I've a really good one!"

He asked, "Why is a dog the most musical of animals?" They gave it up. "Because," announced Jones, triumphantly, "he wears a brass collar round his neck."

CLEAN-UP DAYS.

We call attention to the proclamation of Mayor Rice in which he sets apart two days—the 19th and 20th of November—as clean-up days for this city.

Every day should be clean-up day and it should never be necessary for the Mayor by proclamation to call attention to this matter. However, it is a fact that people, and sometimes the very best of them, will forget and will allow their premises to get in bad order and must be reminded by the Mayor of their duty. It is an obligation they owe to themselves and to the city to keep their premises clean so that the city may always put on its best appearance and for that other better reason of all—to prevent the spread of disease. Filth breeds disease and an old rubbish pile is an excellent place for the propagation of germs.

The ladies of the Woman's Club and of the Federated Club are interesting themselves in this matter and are working in conjunction with the Mayor. Wagons will be provided and everything will be done by the officials that can be done to aid in cleaning up and beautifying the city.

And now if you don't avail yourself of this offer of the city, then quit howling about the city being dirty. It is put up to the people by the city officials and the Woman's Clubs. Will you do your part?

If Mr. Bryan was as quick to grasp and commend the good points in President Wilson's utterances, as he is to see and condemn the fancied weak points, he would have many more friends in this country.

Mr. Morrow gives up the fight very gracefully. And yet if the latent charge of fraud in his message has any foundation in fact, it behooves every Kentuckian to demand a revision of the election laws.

Queric: Will the rotators in office at Frankfort be allowed to rotate again? With the kindest feelings for them all, we venture the assertion that history will repeat itself.

The first snow of the season in these diggings fell on the night of November the fourteenth. Write it down on the tablet of memory so that you won't forget it by the first of December.

Lookie like the ladies are doomed in their Suffrage movement before starting. When their campaign manager assailed Gov. McCrory, they set themselves way back.

Now that the first gun that was fired went Wilsonian, the other states will sit up and take notice—that the majority was written in three figures.

Paw Knows Everything.
Willie—Paw, can I ask a question?
Paw—Yes, my son. What is it?
Willie—Could you say that a steepie climber is a high churchman?
Paw—That will be enough out of you, young man. You get to bed.

Ain't it the Truth?

And when the wealth at last is found,
They spend the wealth in getting health.

Going to Extremes.
"Could you say," queries Luke McLuke,
"that a woman is going to extremes
just because she visits a child-

Richmond Woman Highly Honored.

At the annual meeting of the Ken-
tucky Equal Rights Association held in
Lexington last week, the highest honor
that could possibly be bestowed by the
organization was conferred upon a Rich-
mond woman. Mrs. Desha Breckin-
ridge, who has been president of the
Association for the past three years, the
time limit prescribed by its constitu-
tion and by-laws, was retired in the
midst of a blaze of glory. When it
came time to select a successor to Mrs.
Breckinridge, one of the most charm-
ing and cultured women in Kentucky,
who has indelibly left her impress upon
thousands in the State and nation, the
eyes of the delegates were immediately
focused upon a Richmond woman, who
is the equal of her distinguished prede-
cessor. The delegates were not long in
making their choice, and the cloak of
honor was placed upon the shoulders
and the gavel of authority was given
into the hands of Mrs. Thomas Jefferson
Smith, a woman whose brilliancy is
unexcelled, and whose fidelity and de-
votion to the principles enunciated by
the Association need no encomiums.
Her zeal for the cause of equal suffrage
for both men and women upon the great
political issues and all public questions
affecting the welfare of the people has
been sublime, and stand out in the great
firmament of human endeavor like a
bright star of hope to the thousands of
men and women who, like herself, be-
lieve in a ballot of, and by, and for
the people, and not a ballot of a few
dominated by a few persons. Her work
has been highly commendable, and her
selection as president of the Kentucky
Equal Rights Association is laudable.
Mrs. Smith is the daughter of Mrs.
James Bennett, of this city, and the
wife of Hon. Thomas Jefferson Smith,
State Banking Commissioner of Ken-
tucky. For the past four years Mr. and
Mrs. Smith have resided in Frankfort,
where she has been a great social work-
er. She has presided as matron at the
Executive Mansion during all social
functions since Governor McCreary
has been in the chair, and most admirably
has she acquitted herself. She is a woman
of rare charms, a social favorite, and has
innumerable friends throughout the State,
who join with us in extending hearty con-
gratulations to the Kentucky Equal Rights
Association for their good judgment in select-
ing such a splendid and worthy woman for
its president. We likewise doff our hat to
Mrs. Smith, the queen of the tribe.

Meeting of Business Men.

On Tuesday evening, November 9,
about fifty of the business men of Rich-
mond met at the Masonic Temple and
organized a Business Men's Association
of Madison county. The membership
is not limited to merchants. Every
business man, lawyer, doctor, capital-
ist, preacher, farmer and merchant is
urged to become an active member.
In unity there is strength. The object
of the Association is to co-operate with
all the Farmer's Clubs in this county
and to work together for the general
welfare and uplift of the city and
county.

Mr. T. C. Vaughn was elected presi-
dent; C. F. Higgins, secretary. A
board of directors will be elected at the
next meeting, Friday evening, Novem-
ber 19, at 7:30, at the court house.

Saturday afternoon last a committee
composed of president and secretary,
T. C. Vaughn and C. F. Higgins, Messrs.
T. H. Collins and W. F. Higgins with
the County Demonstrator, B. F. Boggs,
visited College Hill to meet with the
Farmer's Club of that section. At this
meeting a committee from the Farmer's
Club was appointed to secure as large
an acreage as possible to cultivate can-
nappes so the farmers of College Hill
and Waco sections can market them in
our local trade.

Don't forget the next meeting of the
association, Friday evening, November
19. Let every man be there to do his
part. You may think it no use for you
to be there as you have no influence.
Yes, you have influence but maybe you
don't know it. Try to be there.

Church Notes

CHRISTIAN CHURCH.

The Missionary Societies of the
churches of the town were entertained
on Friday afternoon at the Christian
church by the C. W. B. M. and the
Circle. The meeting was in the form
of a united prayer service for the mis-
sionaries in foreign fields and proved to
be one of the most impressive and help-
ful held in this city in many months.
All churches were represented and the
feeling of unity and good fellowship
prevailed. The meeting was led by
Mrs. J. R. Pates, President of the C. W.
B. M., and she was assisted by Miss
Anne DeJarnette, Mrs. John Arnold,
Mrs. Dave Myers, Mrs. F. M. Stivers,
Mrs. Emmett Millon, Mrs. Quisenberry,
Dr. E. B. Barnes and Rev. C. K. Mar-
shall. A beautiful musical program
was given by Mrs. McGaughey, Mrs.
Perry, Mrs. Hanley Nippert, Miss
Jamie Caperton, and little Sarah Che-
nault. The afternoon ended with a
pleasant social hour when sandwiches
and coffee were served.

The ladies of the Christian church
will give a food sale on November 21,
the day before Thanksgiving. Place,
Bennett & Higgins' furniture store.

Dr. Barnes on Sunday evening
preached the third of his series
of sermons on great reformers,
the subject, "Martin Luther." These
lectures are attracting the attention
of all denominations of the city.
Come out next Sunday evening and hear
him on Savonarola.

Sunday morning subject: "A Song of
Thanksgiving," a sermon appropriate
to the Thanksgiving season. At night,
"Savonarola," the preacher, reformer,
and martyr of Florence. The fourth in
the series of the great reformers. You
will find these sermons of great profit.

CHRISTIAN SCIENCE.

The subject at the Christian Science
church for Sunday, November 21, will
be "Soul and Body." Everyone cor-
dially invited.

PRESBYTERIAN CHURCH.

Dr. Telford filled his pulpit morning
and evening on Sunday, his subject
being at the morning service, "Whoso-
ever loath his life shall find it." Dr.
Telford is an interesting speaker, and
a fine Bible student, and his sermons
are always instructive and vital.
He goes this week to Point Lick to hold
a meeting and will have his place sup-
plied for Sunday, November 21.

BAPTIST CHURCH.

The East End Bible Class of the Baptist
church was conducted Sunday after-
noon by Mrs. R. G. Stott. This class
begins with two members and now num-
bers twenty-five, which fact speaks for
the energy and interest of Mrs. Stott
and others engaged in this work.

Rev. Reynolds is this week attending
the General Association of Kentucky
Baptists at Jellico, Tenn.

The All Day Ladies' Aid will meet
with Mrs. Harvey Chenault at her home
in the country, Wednesday.

M. E. CHURCH, SOUTH.

Dr. J. G. Crabbe preached a sermon
beautiful and uplifting, earnest and
direct. Taking as a foundation, "The
Purchasing Agents Story," he read in
connection with it, part of the tenth verse
of the third chapter of Malachi. "Prove
me now herewith, saith the Lord of
hosts, if I will not open you the windows
of heaven and pour you out a blessing."
This he applied to our every day life,
our lack of faith, our sins of omission
and commission, our lack of human
sympathy. A beautiful musical pro-
gram added to the impressiveness of
the sermon.

The Evening service was a Praise
Service. A most delightful program of
music had been arranged by the choir.
The Opera House Orchestra, Mr. Griff-
ith at the piano, Mr. Marshall with his
violin and Mr. Oatis with his clarinet
were liberal with their numbers and
added much inspiration to the occasion.
Dr. R. G. Stott in a thirty minutes talk
in his characteristic way delivered a
strong message that stirred the hearts of
his hearers and will not soon be forgot-
ten. All in all it was a most delightful
and helpful service.

Notwithstanding the gloomy weather
on Sunday all was cheer and warmth
in the churches, where the pulpits were
well filled as were also the seats.

Protracted meeting began at Red
House Monday night. Rev. E. G. B.
Hann, of Lexington, is doing the preach-
ing. Come and enjoy the meeting.

W. M. Williams, Pastor.
Rev. E. B. Barnes will preach the
Thanksgiving sermon to the students at
Berea next week.

Beware of Ointments for
Catarrh that Contain Mercury
as mercury will surely destroy the sense
of smell and completely derange the
whole system when entering it through
the mucous surfaces. Such articles should
never be used except on prescriptions
from reputable physicians, as the damage
they will do is far too great to be made
good by any other means. Hall's
Catarrh Cure, manufactured by J. C.
Cheney & Co., Toledo, O., contains no
mercury, and is taken internally, acting
directly upon the blood and mucous sur-
faces of the system. In buying Hall's
Catarrh Cure be sure you get the genu-
ine. It is taken internally and made in
Toledo, Ohio, by F. J. Cheney & Co. Two
centimials free.
Sold by Druggists. Price 50c per bottle.

Unusual Season.

What do you know about pear trees
blossoming in November? What do you
know about crimson ramblers being in
bloom now? What do you think of a
lilac being in bloom now? All of these
things, we have seen. The explanation
is that early cold and frost in October
and warm weather afterward made the
required season of those plants which
respond to cold and then warm. The
continued balmy weather made spring
again for them and they are now giving
pleasure with their beauty and fra-
grance.—Lancaster Record.
